Dear Mr. Powell:

I write to urge you to continue, and perhaps even strengthen, the FCC's ban on cross-ownership of media. In central Connecticut, where I live, the Chicago Tribune Company owns the dominant newspaper, *The Hartford Courant*, two Hartford television stations, a chain of formerly alternate weeklies, several daily newspapers in other parts of the state, and the premier direct-mail advertiser.

The result is a homogeneity of news coverage that does not serve the interests of the people of our state. The net effect is that if the Chicago Tribune—whose knowledge of local issues is at best suspect—does not judge an event or opinion worthy of coverage or space, that event or opinion might as well not exist in the public discussion pool.

It seems to me that large media conglomerates would not be urging the demise of the cross-ownership ban, if such a demise did not serve their fiscal interests. The question you should ask yourself is whether discontinuing the ban would also serve the interests of the people of Connecticut, who are your real constituency.

Thank you for considering this letter.

Sincerely,

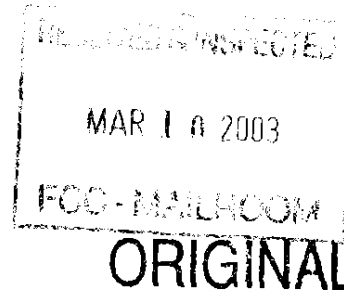

Kathleen Stack

Mr. Chairman:

I am curious as to what exactly has changed so dramatically in modern American life that we feel the public is better served by repealing the cross ownership rule. To think that the internet is changing the face of daily news-gathering is, to me, a specious argument. I am no statistics expert, but my guess is that the average American is still approx. 100 times more likely to get his daily news from TV, radio or newspaper, as opposed to the internet.

The bottom line, to me, is the singular question, "Is the public better ~~served~~ served by repealing this law?"

If we are to be objective (and intellectually honest) we have to answer this question with a resounding "NO."

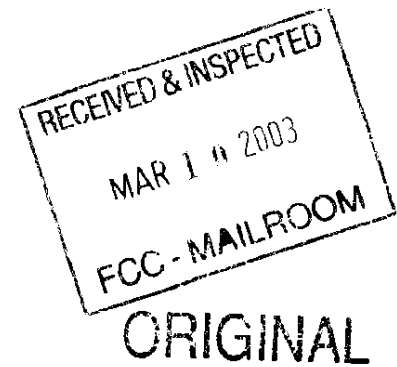

Thanks for your time,

Does organized Crime control the media?

Control of **the** broadcast/ media/ entertainment industry in the USA is by the Mafia; a Sicilian - Jewish axis that has also infiltrated the executive, legislature and Judicial arms of the Government.¹ This criminal organization has deliberately promoted alcohol, cigarettes, drugs, sex and violence to **kill**, destroy and cause mayhem in the American family.² The motive for this is explained **by** Ben Franklin in the enclosed leaflet and by Shakespeare **in** "*Certainly the Jew is the very devil incarnation*" (merchant of Venice Gobbo explaining the Jewish character to his father).³

Imagine that Muslim fundamentalist controlled the media in the **USA** and the central control was via *Iraq* and their plan was to dominate and **kill**- what would the FCC do? Today the Jews control *the* media and the central control **is** via Israel, yet nothing is done..

You will have great difficulties in correcting this as **some** members of the FCC are controlled by this corrupt system.⁴

No religious, racial or political group can **be** allowed to control what the public see and hear. I hope you and other members have the courage to challenge this evil.

Yours truly,

Jim Turner

P.S. No reply please as I **am** travelling

¹ The Guinness Book of records 1974 summarized the Mafia.

² The national Institute of Alcoholism states there are 15 million Americans who are alcoholics. Every film, TV and play has someone drinking as a Jewish plan to **promote** alcohol to gentiles.

³ The USA has the highest divorce, drug, murder, and alcohol rate possible in the world.

⁴ You are right if you do not believe Shakespeare and Franklin.

⁵ Colin Powell has a strong association with Israel.

WARNING

WARNING TO AMERICA FROM BEN FRANKLIN (1789)

The only dangerous competitor to world peace is the Jew. They have wandered for 6,000 years over the earth and have never changed. They are now in modern America and Europe, just as they had been in ancient Babylon, Egypt, and Rome, accelerating the decline of the civilizations.

Whatever their appearance essentially they are the same, obnoxious, arrogant in material successes, servile and humble in alleged misfortune, crafty, extremely dishonest, great hoarders of money, of remarkable intelligence and evil, yet at the same time incapable of creating anything of tangible worth and always odious. // persecutions have been brought upon themselves by their prodigious aptitude for speculation and crooked business dealings. That domination of American commercial life is total. They control all the media of America and half the rest of the world.

No American politician can today even dare utter the words of Ben Franklin 200 years ago at the Constitutional Convention of 1789 in Philadelphia.

Let me repeat Franklin's due warnings for the benefit of all the people of the world and especially honest, altruistic and naive Americans. "There is a great danger for the U.S.A. This danger is the Jew. Gentlemen, in which ever land they Jews have settled they have depressed the moral level and lowered the degree of commercial honesty. They have chosen to remain apart and unassimilated, allegedly oppressed they attempt to strangle all nations financially as in the case of Portugal and Spain" (more recently Malaysia).

"For more than 1,700 years they have lamented their sorrowful fate, namely that they have been driven out of their motherland. But gentlemen if the world should give them back today Palestine and their property, they would immediately find pressing reasons for not returning there. Why? Because they are vampires - they cannot live among themselves. They must live among Christians, Muslims and others who do not belong to their race."

"If they are not excluded from the United States by the Constitution within at least 100 years they will stream into this country in such numbers that they will rule and destroy us and change our form of government for which we Americans shed our blood and sacrificed our lives, property and personal freedom."

"If the Jews are not excluded within 200 years our children will be their slaves working in the fields to feed the Jews while they remain in their country homes gleefully rubbing their hands and counting money."

"I warn you gentlemen if you do not exclude the Jews forever your children and children's children will curse you in your graves. Their ideals are not those of Americans even when they have lived among us for ten generations. The leopard cannot change his spots. The Jews are a danger to their land if they are allowed to enter. They should be excluded by the Constitution."
